A. Introduction

At Regional One Health our greatest concerns are your health and privacy. We are committed to using and disclosing your health information responsibly. This Notice of Privacy Practices describes how Regional One Health may collect, use, and disclose information, along with your patient rights regarding your protected health information.

Protected health information, or “PHI”, is information about you, including demographic information, that can reasonably be used to identify you and which relates to your past, present, or future physical or mental health or condition, the provision of healthcare to you or the payment for that care. For purposes of this notice, PHI means any information, whether verbal, paper, or electronic, created or received by Regional One Health relating to your health, or the provision or payment for your healthcare.

1. Our Responsibilities:

In addition to the responsibilities set forth in this Notice, we are required by law to:

• Maintain the privacy and security of your PHI;
• Provide you with notification if we discover a breach of unsecured PHI unless there is a demonstration, based on a risk assessment, that there is a low probability that the PHI has been compromised.
• Obtain your written authorization before we use or disclose your psychotherapy notes, except for: use by the originator of the psychotherapy notes for treatment; or use or disclosure by Regional One Health to defend itself in a legal action or other proceeding brought by the individual;
• Provide you with a notice as to our legal duties and privacy practices with respect to PHI we maintain about you;
• Ensure all healthcare professionals, employees, students, and other healthcare personnel abide by the terms of the Regional One Health Notice of Privacy Practices currently in effect.

We reserve the right to change our practices and to make changes effective for all PHI we maintain, including information created or received before the change. Should our privacy practices change, we are not required to notify you, but we may post the revised notice at each facility, and you may request copies of the revised notice in person at Regional One Health or website: [www.regionalonehealth.org](http://www.regionalonehealth.org)

We may also tell your insurance carrier about an outpatient treatment to obtain prior approval or to determine whether your plan will cover the treatment. We may need to share your demographic information with another provider who also rendered care to you so that they can bill for their services.
